

## **JOB TITLE:** TECHNICAL DESIGNER

**Reports to:** Project Design Manager

**Location:** Slinfold, Horsham, West Sussex

**Hours:** You will be required to work Monday to Friday on a shift pattern which operates on a rotating 2 shift system from 8.00am to 5.00pm and 8.30am to 5.30pm, with a one-hour unpaid lunch break.

---

### **Role Summary:**

The ongoing success and expansion of the company has resulted in a vacancy for a suitably experienced technical designer to work in the Project Design Team, focussing on bespoke customer enquiries for non-standard applications. This is a challenging and rewarding position for someone with the enthusiasm to develop their knowledge and skills in a growing company.

---

### **Responsibilities:**

This is a varied role which includes design, detailing, estimating and project management. More specifically:

- engaging with customers to understand their specific requirements;
- developing practical and cost-effective solutions for a variety of clients on a wide range of projects;
- preparing detailed proposals and quotations;
- managing opportunities from enquiry through to completion;
- producing 2D and 3D CAD models for customer approval, pricing and manufacture;
- liaison with production department on both product design and methods of manufacture.

### **Responsibilities/ Skill Set:**

- CAD – strong 3D Solidworks skills required. A knowledge of AutoCAD 2D + / Rhino 3D would be advantageous;
- the ability to communicate clearly and concisely both verbally and in writing;
- confident to engage in a technical dialogue with contractors, architects, engineers, mould manufacturers and suppliers;
- the ability to quickly evaluate a drawing or construction issue and to develop practical construction solutions;
- computer literacy including Word, Excel, Outlook.

### **Personal Specification:**

- organised, methodical and results orientated, with a positive outlook and capable of using own initiative;
- a practical and problem-solving mind;
- ability to work individually or as part of a team;
- able to prioritise tasks and achieve deadlines;
- comfortable managing multiple projects.

### **Rewards:**

- annual performance bonus;
- membership of the Company Group Pension Scheme;
- competitive salary;
- membership of the Company Group Life Assurance after 1 years' service;
- 24 days annual leave, increasing to 25 days in 2020 (excludes bank holidays).

### **About the Company:**

An established and respected innovator operating in a number of niche sectors, Cordek Limited are market leaders in the design, manufacture and supply of high performance, inventive solutions to solve a wide range of engineering problems.

As part of an extensive and diverse product offering, the Company specialises in supplying complex formwork, patterns, moulds, display models and unique forms manufactured using the latest 3D modelling and 5 axis machining techniques. Cordek's products have been utilised within prestigious projects across the UK and Eire, including Terminal 5, Wembley Stadium, Crossrail, and the Olympic Aquatic Centre. The majority of sales are to UK based projects, but products have also been supplied to a variety of locations across the world, including Kazakhstan, Zimbabwe, Qatar, Hong Kong, Abu Dhabi, Japan and India.

People are at the heart of our success and are our most important asset. We're resourceful, innovative and united behind common business goals, with well-defined processes and a robust business strategy. Our commitment to our customers is to provide the best quality, value solutions, supported by the highest levels of personal service.
