

Section A-A

Section B-B

Materials :-

Refer to Cordek technical data sheets for full detailed material specification

- A. Cordek Radon Gas Membrane
- B. Cordek GR DPC
- C. Cordek Double sided Jointing Tape
- D. DPC / Cavity Tray by others
- E. Cordek Double Sided Jointing Tape
- F. VCL / Floor Finishes by others

Notes :-

- This detail is issued for guidance purposes only, with final approval required from the designer
- Do not scale from drawing, use dimensions provided
- All laps and junctions must be fully sealed with appropriate welding techniques or jointing system
- The intended construction sequence should be considered prior to selection of the appropriate Cordek standard detail to ensure that installation is practical and achievable
- In line with industry guidance and good practice, a sub-floor venting layer should be considered - please consult Cordek for further advice
- In accordance with BS8102:2009, should hydrostatic water pressure be a risk, additional waterproofing methods should be considered.
